Senior, Suka Digital  
The Bridge Soho Building  
PhnomPenh

Dear Mr/Madam,

In 9 Years of experience coding,I spent over 6 years as a game developer and 3 years experience as a software developer in Microfinance **AMK** in the position of Technology Development Engineer In Team MIS.

Recently,I am a senior game developer working front end game logic with games in a company for over 3 years experience. Also my response is some project management , ux/ui and game logic with smartfox, Cocos2D-X (Java and Typescript). Our company has nine games hosted in production.

I also have 3 years experience as a software developer in Microfinance **AMK** in the position of Technology Development Engineer,MIS. I have multiple systems to respond to (Billing project, Cash transfer , Loan App,Loan App Mobile UI,PIN System,...).

I used to work at Digital Work Khmer Company (DWK) since 2014 in the position of Game Developer for many devices like PC,IOS,Android,VR Game Developer.I spent a year working as a VR Game developer in **Japan (DWE)** . Moreover than 3 years, I get more experience involved in creating the new games via writing programming language which consisting of C# and Unity 3D script.

My special ability is nice to know and learn new skills in programming.

I graduated with a Bachelor degree of information technology at Cambodia-India Entrepreneurship Development Institute (CIEDI), *in the field of Programming* in 2015 and an associate degree in electronic engineering at Preah Kossamak Polytechnic Institute (PPI), *in the field of Programming* in 2013. Furthermore, I got training and work in Japan at Digital Work Entertainment (DWE) and I really understand the programming language. I am especially nice to be responsible for all my work and be flexible quietly in other situations. For more background, please would you see in my CV.

According to my programmer experience, I hope that it can make me adapt to the work environment in your company. For more information please contact me:(+855) 78-879191 / 70-205444.

Thank you for your time and consideration. I look forward to speaking with you about this employment opportunity.

Sincerely,

**Reaksmey Than**
